Hi All

How are you today?

My name is Sauda Cooper and I am a migrant like you.

I am excited to be your tutor in English Language at MCCGC. I am doing a Masters Degree at Griffith University and have acquired many skills in teaching English Language.

I promise to make your learning an enjoyable experience. It will be mainly casual with lots of classroom activity and social interaction.

Let's have a cup of tea/coffee and some biscuits after class and talk things of interest to you.

I am looking forwards to meeting you all.
